

If you enjoy higher intelligence then another
That does not entitle you to use them
For your own enjoyment
The preachers in my life
Used their ability to speech to use others
For their own survival
By talking their money
By have sex with their woman
And the worst by talking babies
Away from their mother
By hounding and bulling them
So they would sell them
In order to build their churches

Barry Wyatt Jr.
My songs are my prayers
Linking my songs together creates stories
